

# RFID Keyfob - ABS Keyfobs

ACS Solution s.r.o offers a wide range of rugged plastic keyfobs, featuring most common LF or HF functionalities. The parts can be silkscreen printed, numbered with inkjet or laser and packed according to customer requirements.

An attractive palette of colours is available as is a competent encoding service.

Besides the depicted parts, on special request - customer designed keyfobs with different key rings, metal fittings and other features to match a more individual taste can be provided.

Enquire for OEM model production conditions.
